November 24, 2008

Dear Sandy Cross Conservation Foundation,

At the beginning of November, the Grade 6 students in Room 1 at Woodlands Elementary hosted an Information Expo about Trees and Forests. The purpose of this expo was to showcase their learning about Trees and Forests and teach visitors about the importance of trees. During the expo, the students decided to collect donations from visitors to give to the Sandy Cross Conservation Foundation because they greatly enjoyed our field trip to the conservation area back in September and they wanted to take action to help out our natural wildlife areas around Calgary. Please accept our enclosed donation cheque.

Sincerely,

Mrs. Lisha Saliani and the students of Room 1
