
TAKE ACTION - KIDS

Kids, you can make a difference! Check out these websites for ideas.

The Green Guide – Calgary Herald

Check out the Recycling Guide for important information for recycling all household products (including batteries, plastics, electronics, and clothing)

Read about green transportation and green living to lessen your negative impact on the environment

Eco Kids

Canada's environmental destination for kids. Click on the "Read what other ecokids are doing" in your area to see how you too can get involved

CPAWS

Check out the "campaigns tab" and the "take action" tab to find out more!

Eco Mentors

Check out the Youth Organization and the Environmental Organization to see what projects they are doing. It will be a good resource for some great ideas for you to take action!

Nature Challenge for kids – David Suzuki Foundation

Check out this interactive, fun Website to see what David Suzuki suggests you can do to help nature!

World Wildlife Fund – WWF Canada

This WWF link has a few ideas for organizations, classrooms, or even individuals on how to take a step closer towards a healthier earth for all living things

Parks Canada – Youth Zone

Although this site does not have specific projects for you, it does have some very helpful information about adventure, history, and nature

The Calgary Zoo – Various Ideas

The conservation tab has a lot of information about education research and outreach, with ideas of things you can do. Other opportunities include donating to the zoo or adopting an animal or even bringing in your old cell phones to help save the gorillas

If you have other ideas for "Taking Action", we would love to hear about it. Email Maureen Luchsinger at: mluchsinger@crossconservation.org
